

*The Oldest Teddy Bear Company in U.K.*

**TEDDY BEARS U.K.**

*Since 1903*

The new Dean's Rag Book factory at Newington Butts,  
The Elephant & Castle, London in 1910.

Welcome to the brand new Dean's Rag Book Co., Ltd. catalogue, for 2023. From our origins in London in 1903, Dean's have always been at the forefront of toy design and manufacture and were the first British company to produce teddy bears as early as 1915 (as documented) and probably even earlier from 1906.

Dean's made many types of toys from rag books, for which they were initially famous, to beautifully crafted dolls, teddy bears and even Mickey Mouse and other characters.

In the late 20th Century Dean's were to be found in Pontypool, Gwent (UK) where the production of limited edition collector teddy bears began and made the company one of the best loved teddy bear manufactures in the UK.

A journey through the new catalogue will surely whet your appetite for more of these lovely teddy bears.
